

BMC Solution Services from Datatrend

BMC Product Lifecycle Management

Business Application Modeling

Technical Staffing Solutions

Best Practices Consulting

IT organizations face the continuing challenge of “doing more with less”... and are expected to do it faster than ever. Datatrend has over 27 years of experience in providing IT services for businesses as well as public sector organizations. We help them improve their IT processes while earning their trust through impeccable service, support, and customer satisfaction.

A BMC® Premier Partner Focused on Earning Your Trust

Datatrend specializes in cost take-out through standardization and optimization of IT infrastructure, assets, and resources. And we have aligned ourselves with BMC Software® - renowned for solutions which help organizations manage their IT services and applications across distributed, mainframe, virtual and cloud environments.

As a BMC Premier Partner, Datatrend provides analysis, design, and optimization services associated with BMC technology implementations. Our BMC Center of Excellence delivers the actionable intelligence to help organizations manage their IT environment and identify simplification and cost saving opportunities.

BMC Technology Expertise

ADDM

BladeLogic®

Atrium® CMDB

Remedy® ITSM

BPPM/PATROL®

And more!

Solutions to Simplify and Improve IT
